Heavy-Duty Steel-Frames

The chassis endures heavy-duty use and weather elements. Strong, 10-12 gauge USA steel has an electrostatic powder-coated finish that rejects corrosion like none other.

First -Rate Cleaning Bristles

Scrusher brushes are special. High-end poly and nylon bristles effectively remove all kinds of crud from footwear with just a few scrushes.

High Manufacturing Standards

Over 30 years of quality manufacturing know-how. Techniques are used to ensure unfailing performance, like: 1) Press fit bottom brushes so they don't come loose 2) Hand-welded frame fastenings for durability.
